Classic Pos

FREE

point of sale program

FREE

**integrated debit/credit
card processing program**

FREE

gift card program

Start now to automate your business with one of the best POS programs in the market today, brought to you by a company that has been in the POS business for over 18 years. As we actively solicit input from our users our programs have become one of the most fully featured systems available today, with many options not available in other systems.

If you already have your own program, then just use the debit/credit/gift card option.

Add a cash drawer, receipt printer and scanner to your computer for \$489.00 and you too will have a complete computerized POS station

Try it today - it's FREE !

As an introductory offer to our fabulous program, we are offering

1 POINT OF SALE program module for FREE !

To get your copy :

email sales@classicpos.com

or phone **800-200-5379**

The free program works on any single computer with any Windows operating system.

You will be able to make sales, track customers and inventory. Digital manuals are included.

The CLASSIC 2000 plus programs are completely modularized and additional modules (see list to the left) and stations can be added for just \$99.95 each. A complete list of all programs available is on the back cover.

For more info including details of all the additional options and features available in our programs, check our website at:

www.classicpos.com

and download a brochure for the program you need that will show you details of all the features and options available in each module.

PROGRAM PRICING:-

\$ 99.95 per module per station for all other modules with unlimited # of stations.

The program also has Multi Site capability, (multiple store locations) through the Multi Site module add on program. The pricing for Multi Site is at

\$199.95 per module per location

We also offer combinations of modules in what we call pre-configured systems at substantially reduced pricing. These are:

\$349.95 CLASSIC 2000 plus GENERAL RETAIL SYSTEM - 6 modules
pos, customer management, vendor management, inventory purchasing, general ledger

\$449.95 CLASSIC 2000 plus COMPLETE RETAIL SYSTEM - 10 modules
pos, order entry, customer management, vendor management, inventory, purchasing, general ledger, contact management, job management and service management.

\$489.00 to ADD a cash drawer, receipt printer and scanner
Add these peripherals to your own computer with the FREE POS program and you too, will have a fully computerized cash register !.

Program pricing on all other programs is available on our website.

MODULES AVAILABLE :

Each program is available in modules to give you the option to select whichever modules you need. Each module can be run separately, or any combination of modules can be put together, fully integrated to each other. Get your Free module to get started and then add more as you need them.

www.classicpos.com

Classic POS Inc. now offers a **FREE** fully integrated debit/credit and gift card processing program at POS.

Rather than a 2 step process of making the sale and then having to key in the amount of the sale again into a Bank POS terminal, you can now make the sale and have the transaction information be sent automatically to be processed.

The interface works through an internet connection, freeing up your phone lines.

GET STARTED TODAY !

Get your own copy of the **FREE POS** program and you too can track your sales, taxes, inventory and customers, in addition to being able to process
